REPORT
OF THE
FINANCE COMMITTEE.
A. D. 1900-1901.

*To the Honorable Mayor and Board of Aldermen of the
City of Ellsworth:*

In compliance with the requirements and ordinances of the city, we submit the following report:

We have made careful examinations of treasurer's and collectors' accounts and vouchers for the financial year ending February 9, A. D. 1901, and find them as reported hereafter.

Their accounts are annexed and made a part of this report.

E. E. BRADY,

G. B. STUART,

Finance Committee.

Ellsworth, Feb. 9, 1901,

REPORTS

OF

TREASURERS AND COLLECTORS.

E. F. ROBINSON, *City Treasurer*, 1899,

In account with CITY OF ELLSWORTH.

1900.	
Feb. 12. To balance as per settlement,	\$ 904 13
rec'd from A. K. Woodward,	
collector, on account tax, 1898,	529.85
rec'd for tax deeds,	5.00
	\$1,438.98

E.E. BRADY,
G. B. STUART,
Finance Committee.

L. F. GILES, successor to B. T. Sowle, collector 1887 and 1889,
In account with the CITY OF ELLSWORTH.

1901.		
Feb. 9.	To balance of commitment, 1887 and 1889, including supplementary tax uncollect- ed according to last report,	\$3,344.75
	<i>Cr.</i>	
	By balance uncollected,	\$3,344.75
	L. F. GILES, Collector.	

We, the undersigned, hereby certify that we have examined the accounts of L. F. Giles, successor to B. T. Sowle, collector 1887 and 1889, and find them correct.

E. E. BRADY,
G. B. STUART,
Finance Committee.

A. K. WOODWARD, collector,

In account with CITY OF ELLSWORTH.

For amount uncollected tax, A. D. 1895, re- ported by Finance Committee, 1899,	\$362.13
---	----------

Cr.

By amount paid N. H. Higgins, treasurer,	15.00
Balance uncollected tax, 1895,	\$347.13

A. K. WOODWARD, collector,

In account with CITY OF ELLSWORTH.

For amount uncollected tax, A. D. 1896, re- ported by Finance committee, 1899,	\$2,251.35
---	------------

Cr.

By amount paid N. H. Higgins, treasurer,	130.30
Balance uncollected tax, 1896,	\$2,121.05

A. K. WOODWARD, collector,

In account with CITY OF ELLSWORTH.

For amount uncollected tax, A. D. 1897, re- ported by Finance committee, 1899,	\$2,211.19
---	------------

Cr.

By amount paid N. H. Higgins, treasurer,	211.72
Balance uncollected tax, 1897,	\$1,999.47

A. K. WOODWARD, collector,

In account with CITY OF ELLSWORTH.

For amount uncollected tax, A. D. 1898, re- ported by Finance committee, 1899,	\$2,466.96
---	------------

Cr.

By amount paid E. F. Robinson, treasurer, as per vouchers rendered,	\$529.85
amount paid N. H. Higgins, treasurer,	1,371.67
	<hr/> \$1,901.52
Balance uncollected tax, 1898,	\$565.44

The above balances are based upon amounts reported as uncollected, by the finance committee, A. D. 1899, after deducting amounts paid by Collector Woodward to city treasurers, Robinson and Higgins, as appears by vouchers returned to the finance committee. A careful examination of the tax books of the late Collector Woodward, shows that the uncollected balances are at variance with the above reports.

To wit:—For the year 1895,	\$ 745.71
“ “ “ 1896,	1,705.73
“ “ “ 1897,	1,703.94
“ “ “ 1898,	2,400.87

Collector Woodward also returned to this committee, treasurer's receipts, dated Feb. 12, 1900, amounting to \$175.70, likewise receipt, dated Feb. 17, 1900, amounting to \$244.93 for commissions on collections, which is at variance with the amount of city orders drawn for commissions for the same collections as appears by city report of Feb. 12, 1900, also by the city records.

E. E. BRADY,

G. B. STUART,

Finance Committee.

H. F. WHITCOMB, Collector, 1899,

In account with CITY OF ELLSWORTH.

1900.	
Feb. 12.	For amount uncollected tax, 1899, \$12,410.47

Cr.

Feb. 9.	By amount paid N. H. Higgins, city treasurer,	5,087.76
	Amount uncollected 1899,	<hr/> \$7,322.71

We, the undersigned, hereby certify that we have examined the accounts of H. F. Whitcomb, collector of taxes for the year 1899, and find them correct and properly vouched.

E. E. BRADY,
G. B. STUART,

Finance Committee, A. D. 1900.

ROSCOE HOLMES, collector, A. D. 1900,

In account with CITY OF ELLSWORTH.

1900.		
May.	For amount commitment,	\$49,489.09
	supplementary tax received,	15.49
		<hr/>
		\$49,504.58
	<i>Cr.</i>	
	By amount paid N. H. Higgins, treasurer,	\$32,140.03
	abatement orders,	225.78
	supplementary tax,	15.49
		<hr/>
		\$32,381.30
		<hr/>
	Amount uncollected tax, A. D. 1900,	\$17,123.28

We, the undersigned, hereby certify that we have examined the accounts of Roscoe Holmes, collector for the year 1900, and find them correct and properly vouched.

E. E. BRADY,
G. B. STUART,

Finance Committee for 1900.

JOHN H. BRESNAHAN, Special Collector,

In account with CITY OF ELLSWORTH.

1901.		
Feb. 12.	For amount collected on tax deeds,	
	prior to 1898,	\$207.09
	For amount collected on tax deeds,	
	A. D. 1898,	130.20
		<hr/>
		\$337.29

1901.

Cr.

Feb. 12. By amount paid N. H. Higgins, treasurer,

\$337.29

We, the undersigned, hereby certify that we have examined the accounts of John H. Bresnahan, special collector for tax deeds, and find them correct and properly vouched.

E. E. BRADY,

G. B. STUART,

Finance Committee for 1900.

OVERSEERS OF THE POOR.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: According to contract, Mr. H. S. Jones has had charge of the poor for the year 1900, and his treatment of that unfortunate class of citizens has been, as usual, satisfactory.

The number cared for at the poor farm at this date is 11;

of families assisted at their homes, during the year, 21; of single cases, outside of above, assisted and claiming assistance, 21. Paupers furnished by the city, belonging to other towns, 10.

INSANE POOR.

There are now three patients at the Maine insane hospital, whose bills are paid by the city, one having died during the year. Tena Babbadge, insane, is cared for at Josiah Williams'.

Respectfully,

FRANK R. MCGOWN,

Chairman of Overseers of Poor.

CITY LIBRARY.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: The following report for the year ending Jan. 31, 1901, is respectfully submitted:

The circulating department of the library has been open 268 days and has received a generous amount of patronage. During the past year, 127 books have been rebound, and none have been worn out, but there are about 20 that can not see much more service. Worn out books are always fiction, or books for children.

A gift to our library is an event of rare occurrence. This year we have been particularly fortunate. In June, Judge L. A. Emery presented the library with 120 bound and 23 unbound volumes of magazines, also a set of encyclopedia Britannica in 26 volumes, formerly owned by Daniel Webster. The bound magazines given by Judge Emery are 65 volumes of "Littell's Living Age", 12 volumes "Atlantics", 8 volumes "North American Review", 6 volumes "Blackwoods", 5 volumes "Democratic Review", 2 volumes "Quarterly Review," 4 volumes "British Quarterly Review", 2 volumes "London Quarterly Review", 4 volumes "Westminister Review", 4 volumes "Edinburgh Review", 2 volumes "Contemporary", 2 volumes Science Monthly and 4 volumes "Eclectic Magazine". The unbound magazines are 12 volumes "Littell's", 2 volumes "Forum," 3 volumes "Popular Science Monthly," 5 volumes "Collections and Proceedings of Maine Historical Society," 1 volume "Bangor Historical Magazine" and 12 volumes incomplete. These

magazines would be much more valuable if Poole's Index could be added to the library, then any one wishing information on any particular subject can easily find what they seek. We have also received "The Gentleman from Indiana", from Mrs. Daniel Chamberlain of Elgin, Ill., "Eben Holden" from ladies of the "Volunteer Aid Association", and "The Love of a Lifetime" from Mrs. Edwin F. Poole.

The number of books in the library at the last report was 3,704. During the year just closed, there have been added by purchase 155 volumes, by gift 172 volumes. The total number of books now in library is 4,031, of these 34 need binding.

Following is a statement of receipts and expenditures for the year ending Jan. 31, 1901.

Respectfully,

ADELAIDE TRUE,

Ellsworth, Feb. 2, 1901.

Librarian.

CHIEF ENGINEER.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: In accordance with the requirements of the city ordinances, I submit to you my first annual report of the fire department for the year ending Feb. 9, 1901.

The appropriation,	\$1,700.00	
Rec'd from sale of old hose,	7.35	
	<hr/>	\$1,707.35
The expenditures,	\$1,603.29	
balance in favor of fund,	104.06	
	<hr/>	\$1,707.35

The property of the department is in good condition.

The hose wagons and trucks are in good repair.

The hook and ladder truck is not what we require and I recommend the purchase of a modern truck.

I believe that it would be an economical move to replace two of our hose carts with four wheelers and by so doing the members will have at hand their rubber clothing, protectors and such other apparatus as will enable them to combat, more successfully, obstinate fires.

During the year we have purchased 1,200 feet of cotton hose, three Miller smoke protectors and four torches.

A list of the property in this department will be found elsewhere in your city report.

During the year we have had twenty-two alarms, twelve of which were working fires, ten in the city proper and two at the Falls. One of the latter called out the whole department.

We have laid during the year 14,450 feet of hose.

The department has responded promptly to every alarm and confined the fires to the buildings in which they originated.

In conclusion I wish to thank your Honorable Board for your liberality to the fire department and I, also, extend my thanks to my associate engineers, and to the officers and members of the several companies for their courteous treatment to me on all occasions.

Respectfully submitted,

CHAS. J. BROWN,

Chief of Fire Department.

CITY MARSHAL.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: I herewith submit the following report:

Whole number of arrests for the year, 14, all of which were drunks. We put up 38 tramps under city hall, and fed them at expense of 10 cents each.

During the year the night officer found the doors of several business places left unlocked, and promptly notified the proprietors.

In concluding this report I desire to express to his Honor, the Mayor, to your Honorable Board, and to the citizens of Ellsworth, many thanks for their hearty co-operation.

TIMOTHY DONOVAN.

City Marshal.

Ellsworth, Feb. 9, 1901.

HANCOCK HALL.

Statement of earnings and expenditures for the year ending February 9, 1901.

RECEIPTS.

Amount received for rent of hall, \$352.50

EXPENDITURES.

Pd. janitor fees, wood and sundries, \$161.94
 city treasurer, 190.56

\$352.50

R. E. MORANG,

Janitor.

BOARD OF HEALTH.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: The board of health passed the following report for year ending Jan. 1, 1901:

The board was organized April 1, 1900. Dr. Alexander C. Hagerthy, chairman, Dr. J. T. McDonald, secretary, G. A. Parcher.

The board received during the year 14 complaints for nuisances, 10 of which were removed and the remaining four received due consideration.

There were reported to the board 14 cases of Scarletina, all receiving strict attention and we also had an epidemic of measles to contend with affecting all parts of this city; cases receiving what attention the board thought necessary.

Respectfully submitted,

J. T. McDONALD,

GEO. A. PARCHER,

A. C. HAGERTHY.

STREET COMMISSIONER'S REPORT.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: I herewith submit my first annual report:

HIGHWAYS.

We have used our road machines wherever needed, and have ditched nearly all of our streets. We have changed the grade on Park, Oak and School streets, also on the Surry and eastern roads. We have made extensive repairs on Grant street and the shore road, both of which will require gravel or

crushed rock next year. We have turnpiked the Weaver flat and made ditches of such grade as to carry the surface water down to the meadows instead of having it come towards the city where it has caused much damage in years past.

We have put in 14 permanent large stone culverts and 115 small culverts during the year.

We have laid a 20 inch sewer pipe from the sewer on Hancock street towards Franklin street which should be continued to the river next year.

We have continued the crushed rock road from the junction of School and State streets to W. T. Doyle's house near Pond spring. This should be continued to the Falls.

It will be noticed that out of the amount appropriated for crushing rock we have purchased one acre of ledge on the Pond estate which will feed the crusher for several years. By this purchase the city will save \$100 per year.

BRIDGES.

We have replanked the Main street bridge, using three inch plank instead of two inch as formerly. We have also replanked, in part, the upper iron bridge, the five-saw dam bridge, the Brimmer bridge and the bridge on Branch pond stream. We have repaired the stone abutment at the eastern end of the five-saw dam bridge and built a new pier at the Doyle iron bridge. Our bridges are now in good condition with the exception of the Bangor bridge which must be rebuilt next year.

SIDEWALKS.

We have built several pieces of new plank sidewalk and 3,200 feet of crushed-rock walks during the past year. It will be necessary to rebuild many of our sidewalks next year, and I recommend an appropriation of \$1,500.

Respectfully submitted,

JERRY HURLEY,

Street Commissioner.

SCHEDULE OF CITY PROPERTY.

City farm.
 Hancock hall and lot.
 Furnishings of Hancock hall.
 Library building and lot.
 Library.

SCHOOL DEPARTMENT.

REPORT

OF THE

SUPERINTENDING SCHOOL COMMITTEE.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN:—In conformance with an annual custom, the members of the school committee present a brief statement of the operations of the school department for the fiscal year ending February 9, 1901.

There has been no change from the general policy of previous years of sufficient importance to require extended mention. The report of the Superintendent fully shows the condition of our schools, and the work done therein.

You are already familiar with your committee's expenditure, of its different funds, all bills having been audited and paid by your honorable board, as will appear in your annual report.

As "the chain is as strong as its weakest link", so the school is what its teacher is, no more, no less. We have an excellent corps of teachers, who have worked hard and faithfully for the success of our schools, and we feel that we can safely report a year of progress.

We have changed in part the course of study in the English course of the High School, as will appear in your Superintendent's report.

Our text-book fund has been overdrawn during the year; this we deemed necessary, as every book bought or exchanged is now in daily use.

In conclusion, we are pleased to call attention to the evidences of increasing interest in educational matters

shown by our citizens. The schools are theirs. They should visit and criticize them, but in a kindly spirit. They should make the acquaintance of the teachers, assist them in understanding their children, and by so doing they will contribute very materially to the better and more satisfactory results for which all are so desirous.

Your committee, both as a board and as individuals, are always ready to give full consideration and due weight to suggestions from all persons who have an interest in the progress of our schools. The detailed report of your Superintendent follows.

Respectfully submitted.

H. F. MADDOCKS,

G. B. STUART,

B. S. JELLISON,

Superintending School Committee.

REPORT

OF THE

SUPERINTENDENT OF SCHOOLS.

Gentlemen of the School Board:

In presenting my second annual report of our schools, I can say that the year has been one of constant improvement. My experience as Superintendent of your schools last year helped me to foresee and provide for several slight obstacles which might have presented themselves, to the detriment of school work, had it not been for that experience.

Gentlemen, let me thank you here for the promptness with which you have responded to every call I have made you for assistance or advice. To this promptness is largely due the fact that our schools have run throughout the year with almost no friction.

The plan of work has been the same as that of several preceding years. No changes have been made except what experience has proved to be for the improvement of our schools. The plan of requiring a weekly report from each teacher has enabled me to keep in closer touch with the individual work of teachers in the out districts, as well as those near the office, and has been of great help in keeping all schools on the same work together. These reports have been open to the inspection of the teachers at all times in my office, and have enabled those interested to compare their work with that of others.

That the class of work done in our schools is of the best, is shown by the fact that two scholars from our grammar schools have moved to larger cities, and have

been promoted to the grade higher than their certificates called for. We should be proud of our teachers, who can do such work as this indicates.

We have employed several young teachers during the year, and their success has been encouraging. I am pleased to note the fact that some of them have decided to improve their teaching value by taking course in normal schools. The success of our older teachers is so assured that comment is unnecessary. Their work speaks for itself.

Since last September the High School has been in charge of W. H. Dresser, principal, with Mr. John A. Scott, Mr. Charles W. Campbell and Miss Addie L. Littlefield, assistants. On account of sickness and bad weather, one week has been lost this term, but the school has been notified that this loss must be made up at the close of the term. Gentlemen, you have visited the school, and can judge what kind of work is being done.

At the opening of the winter term, you made a great change for the better by dropping the study of French from the English course, and putting Rhetoric and Book-keeping in its stead. I think this course can be further improved. I believe that the English course should be the basis of all the courses, and that it should be made up of thoroughly practical English work that will be a life benefit to the large majority of our High School graduates.

In the census of last April, I enrolled 1,512 names of scholars between 4 and 21 years of age. In taking this census, I obtained the parents' names, pupils' names and ages, and the school each would attend. I found 636 pupils between the ages of 16 and 21 years. Of these, 66 have attended the High School, and 25 have attended other schools in the city, leaving 545 who have not attended our schools the past year. Possibly 50 are con-

nected with other schools, teaching, or attending to duties which cannot be neglected, but a large majority ought to attend school a part of the year, at least. To leave school at this age is a mistake which many will find out to their sorrow when it is too late.

I have had ten applications for private tutoring in Arithmetic, Bookkeeping and Writing this winter. The applicant in every case but one was a young man or woman who left school too young, and, when the mistake was seen, felt ashamed to return to school, on account of age. My advice to every young man or woman is to go to school just as long as possible, and it will never be a cause of regret, but, on the contrary, will be a source of pleasure, and often of pecuniary profit.

The average enrollment for the past three terms has been 819. This average would undoubtedly have been much larger had it not been for a widespread epidemic of measles and scarlet fever in the city during the spring and fall terms. This made it necessary to close several schools at one time, and when they were reopened many parents were afraid to send their scholars back. All the school-houses closed on this account, as well as the books, were thoroughly fumigated by the Board of Health, and the books, in the homes of the scholars affected, were burned. Lost time has been made up, and the only obstacle to regular work this term has been severe colds and the "grip".

The school in No. 17 was discontinued last fall because there were not scholars enough in the school to comply with the school laws of the State. The scholars received their fall and winter schooling at a cost of \$30, thus saving the city from \$75 to \$80 in the two terms.

I have held teachers' meetings as regularly as weather and traveling would permit, and the teachers who

have regularly attended, have been prompt in the discharge of their duties, and have been benefited thereby. These meetings tend to break up any false ideas a teacher may have, and improve the general tone of school work. The teacher who allows anything to interfere with attendance on these meetings is not doing the whole duty of a teacher.

APPROPRIATIONS.

I recommend school appropriations for next year as follows :

Common schools	\$5,500.
High School	2,250.
Text-books	600.
Schoolhouses	1,500.

In closing I will repeat what I said in my report of last year. I have endeavored to faithfully perform my duties, and to work for the best interests of our schools. I have done what I thought to be right in all cases, and the harmony existing between the school board and myself, between the teachers and myself, and last, but not least, between the scholars and myself, leads me to think that my superintendence has not proved a failure.

I am deeply grateful to the school board, and to the Mayor and Aldermen, for the confidence placed in my judgment in anything pertaining to school work, and to teachers, parents, and scholars, for their cordial support and assistance.

Very respectfully yours,

W. H. DRESSER,

Superintendent.

COURSE OF STUDY

FOR THE

PUBLIC SCHOOLS OF THE CITY OF ELLSWORTH

1901.

FIRST GRADE.

Reading. Word-teaching from Chart, Book and Blackboard; Cyr's Primer and Cyr's First Reader to page 50, or Stepping Stones to Literature, Book I; correct pronunciation and an understanding of the subject matter of the lesson.

Spelling. Words from reader, orally, and copying on paper.

Numbers. Teach pupils to count numbers up to one hundred, using objects to illustrate, to make figures, to add, and to make combinations of numbers up to twenty.

Writing and Drawing. The pupils should be taught to draw straight and curved lines and to combine them in the letters of the alphabet. Write small letters with pencil on practice paper.

Oral Lessons. On Form, Color, General Information, Morals and Manners, daily.

Singing, Physical Culture and Marching twice each session.

SECOND GRADE.

Reading. Complete Cyr's First in first term. Second and third terms, Cyr's Second or Normal Alternate Second Reader; Punctuation, Simple Sounds of Letters, Correct Pronunciation, and understanding of subject matter of the lessons.

Spelling. Words from reader, orally.

Numbers. Teach to read and write numbers to 1,000; to add, subtract, multiply, and divide numbers less than twelve.

Writing and Drawing. Combine straight and curved lines in simple

II

geometric forms. Copies should be placed on blackboard. Use writing book No. 1, small size, Shaylor system, with pencil, daily.

Oral Lessons. In Physiology, Geography, Facts of History and Science, Morals and Manners, daily.

Declamations and Recitations at least twice each term.

Singing and Physical Culture same as first grade.

THIRD GRADE.

Reading. Normal Second Reader, or "Stories of Great Americans for Little Americans"; Punctuation, Abbreviations, Sounds of Letters, etc.

Spelling. Words from reading, orally and written.

Arithmetic. Teach pupils to read all numbers. Have them learn the Multiplication table. Take Essentials of Arithmetic Book I to page 59.

Language. Take exercise in Metcalf & Bright's Language Lessons. Book I to page 45. Watch carefully for incorrect expression and strive to impress upon each child that he is learning to speak correctly.

Geography. First term, give talks on local Geography. Second term, take eleven pages of Redway & Hinman's Natural Elementary Geography. Third term, take to the bottom of page 23. Continue Geography talks throughout the year.

Drawing. Plain figures and simple solids from copies placed on the board by teacher.

Writing. Writing book No. 1, Small, followed by No. 2, Small, Shaylor System of Vertical Writing, with pen and ink, daily.

FOURTH GRADE.

Reading. Swinton's Third or Normal Alternate Third Reader; Punctuation, Abbreviations, and Sounds of Letters continued.

Spelling. Words from Reader and Graves' Speller to page 45.

Arithmetic. Essentials of Arithmetic, Book I, to page 107. Give special and continued attention to the fundamental processes. Have pupils understand the "why" of every step.

Language. Complete Metcalf & Bright's Lessons, Part I, with oral instruction.

Geography. First term, take Natural Elementary Geography to page 42. Second term, to page 62. Third term, to page 81. Follow the same plan of instruction as in the third grade. Draw the map of Maine.

Drawing. Same as in third grade continued.

Writing. Writing book No. 2, completed and No. 1, Large, daily.

FIFTH GRADE.

Reading. "Stories of American Life and Adventure," or "Our Own Country"; Punctuation, Sounds of the Letters and attention to correct rendering.

Spelling. Graves' Speller to page 69.

Arithmetic. Essentials of Arithmetic, Part I, to page 186. Give special and continued attention to general principles involved in fractions, that the "why" of each principle be understood.

Language. Metcalf & Bright's Lessons, Part II, to page 135 with oral instruction.

Geography. First term, Natural Elementary Geography to Italy, page 103. Second term, to page 124. Third term, complete the book. Follow the same plan as in the third grade by talks and reading. Draw a map of the New England States, and outline maps of the continental divisions of the eastern hemisphere.

Drawing. Same as third grade with map drawing.

Writing. Writing book No. 2, Large, daily.

GENERAL EXERCISES—THIRD, FOURTH AND FIFTH GRADES.

Declamations or Recitations. Twice a term by all the scholars.

Composition. Written description of familiar objects, or short stories, twice a term.

Oral Instruction. Facts of Science and History, Morals and Manners, Physiology, and Kindness to Animals, daily.

Singing, Physical Culture and Marching once each session.

SIXTH GRADE.

Reading. Stepping Stones to Literature, Book V, or Normal Fourth Reader; Punctuation, Sounds of Letters. Attention should be paid to correct rendering. Insist on constant practice in use of dictionary.

Spelling. Graves' Speller to page 102.

Arithmetic. Essentials of Arithmetic, Part II. First term, drill carefully on general principles pages 10 to 46. Second term, from page 46 to page 85. Third term, from page 85 to page 111. Give careful attention to general principles. Use selected exercises daily from Colburn's Arithmetic to page 99.

Grammar. Complete Metcalf & Bright's Lessons, Part II.

Geography. First term, Redway & Hinman's Natural Advanced Geography, page 45 to the bottom of page 53. Draw outline map of North America. Second term, to the bottom of page 65. Draw outline map of United States, showing industrial sections. Third term, to the bottom of page 77. Draw a map of

the northern section of United States, with an outline of the states, showing the principal lakes and rivers.

Writing. Use writing book No. 3, Shaylor System of Vertical Writing, twice a week.

Oral Instruction. In Physiology, Kindness to Animals, Morals and Manners.

Declamations or Recitations. Twice each term by each scholar.

Compositions. Twice each term by each scholar.

Singing, Physical Culture, and Marching. Once each session.

SEVENTH GRADE.

Reading. "Stepping Stones to Literature," Book VI, or Davis' Fourth Reader, with drill same as sixth grade.

Spelling. Graves' Speller to page 127.

Arithmetic. Essentials, Part II. First term, from page 111 to page 134. Second term, from page 134 to page 158. Third term, from page 158 to page 180. Use selected exercises daily from Colburn's Arithmetic from page 99 to page 149.

Grammar. Metcalf's Advanced Grammar, Part 1.

Geography. First term, page 78 to page 91. Draw maps of southern section and plateau section of U. S., showing outline of states and giving principal rivers, lakes and mountains. Second term, to bottom of page 101, with outline maps of countries north of the United States, Mexico, Central America and West Indies. Third term, page 101 to 112. Draw map of South America, giving outlines of its political divisions and locating its rivers and mountains.

History. Beginners' American History, Montgomery, three times a week.

Writing. Use writing book No. 4 twice a week.

Oral Instruction, Declamations, Recitations, Compositions, Singing, Physical Culture, and Marching. Same as in sixth grade.

EIGHTH GRADE.

Reading. Normal Fifth Reader or "Our American Neighbors"; Punctuation, sounds of the letters, correct rendering.

Spelling. Graves' Speller, complete.

Arithmetic. Essentials, Book II. First term, needed review of preceding work and from page 180 to page 201. Second term, from page 201 to page 232. Third term, from page 232 to page 249. Use selected exercises from Colburn's Arithmetic from page 149 to page 204.

Grammar. Metcalf's Advanced Grammar. First term, from page 91 to page 124. Second term, from page 124 to page 156. Third term, from page 156 to page 177.

Geography. First term, page 112 to southwestern Europe, page 128. Draw a map of the British Isles, locating the principal rivers and cities. Second

term, to bottom of page 142. Draw map of southwestern Europe, showing rivers, principal mountains and principal cities. Third term, to the bottom of page 156.

History. McMaster's History of the United States. First term to page 60. Second term to page 126. Third term to page 206. Three times a week.

Physiology. Overton's Applied Physiology, twice a week during the year.

Writing. Use writing book No. 5. Shaylor System of vertical writing, first and second terms, and begin No. 6 the third term, twice a week.

Declamations or Recitations. Twice a term by each scholar.

Compositions. Once in three weeks by each scholar.

Singing, Physical Culture and Marching. Once each session.

NINTH GRADE.

Reading. Masterpieces of American Literature or Standard Works.

Spelling. Words selected from Arithmetic, Grammar and Geography.

Arithmetic. Essentials, Part II. First term, from page 249 to page 10 of Appendix I. Second term, from page 10 Appendix I, complete the book. Third term, review the book.

Grammar. Metcalf's Advanced Grammar, Part III, first two terms. Third term, review the book. Give thorough drill in False Syntax and analysis of words and sentences, twice a week.

Geography. First term, Special Geography of New England. Draw a complete map of New England states on a scale of 22 1-2 miles to the inch. Second term, general review. Use the first 44 pages of the Advanced Geography for reference in all the grades.

History. McMaster's History of the United States. First term, from page 206 to 294. Second term, to page 378. Third term, complete book. Three times a week.

Book-keeping. The New Bryant and Stratton's Common School. Second and third terms, daily.

Writing. Complete book No. 6 in first term. Second and third terms, Business forms in connection with Book-keeping.

Oral Instruction. Letter writing, Composition, Business Forms, Civil Government, Morals and Manners.

Declamations, Recitations, Composition, Singing, Physical Culture, and Marching. Same as in eighth grade.
